A REVIEW OF THE WORLD'S INDUSTRY

A movement has been started in St. Paul, Minn., for the formation of a pipe-trades council.

Retail clerks in Sacramento, Cal., will be organized this month.

From a membership of 2,000 in 1898, the Electrical Workers' International has grown to a total of 21,000 this year.

According to the last available figures, those of 1907, Denmark had a trade union membership of 109,911.

William D. Huber, general president of the amalgamated carpenters, is a strong advocate of consolidation of unions in cities.

The national headquarters of Decorative Glass Workers has decided that a most fruitful field is in and around Boston.

The present scale of the stone masons in Minneapolis, Minn., is 50 cents an hour, and eight hours constitute a day's work.

Machinists at Sparks, Nev., have signed an agreement with the Oregon Short Line by which they get an advance of 3 cents an hour.

Short time notices have been posted in the locomotive industry at Norwich, Eng., where 5,000 men are employed.

For the two-year period ending June 30, International Association of Machinists paid strike benefits amounting to \$613,896.50.

A most serious strike of gas workers in Italy took place recently. The Gas Men's Federation have the signal, and the men struck at Milan, Modena and Genoa.

New England cigarmakers' unions will undertake a vigorous label campaign in Vermont, and the most particular attention will be paid to Rutland and vicinity.

The people engaged in the straw hat industry in Brooklyn, N. Y., are now being organized, and next year it will be possible for union men to purchase straw hats with the union label.

The journeymen bakers of Paris, France and suburbs have issued an appeal to the public to boycott all bakeries where Sunday work is still carried on.

Continued unrest still prevails in the North Wales coal fields, where the collieries were recently on strike at Ruabon and Mold. The causes of the disputes were wages and the employment of non-union men.

Large blackboards have been placed in the meeting halls of the San Francisco labor temple, on which are being inscribed the names of firms and individuals boycotted by the council.

The Knights of Labor recently recommended that a bill be submitted to congress authorizing the president to appoint a court of arbitration to settle strike and corporation matters.

The Swedish government has intervened to settle the dispute which was the cause of the general strike in Stockholm. Arbitrators have been appointed for this purpose, and to draft regulations for settlement of future disputes.

A projected lockout in the cabinet-making trades of southwest Germany has so far been a miserable fiasco. In some towns the men have already won hands down, in others the prospects are very good.

The engineers' and firemen's union of the River Elbe have succeeded in bringing their movement to a satisfactory conclusion. They have concluded an agreement with the employers association which embodied a number of advantages.

The bookbinding societies of Great Britain have for the past twelve months been considering a scheme of amalgamation which has received the final satisfaction of the members belonging to the various unions connected with the industry.

The Animal Rescue League of Boston has opened a new field for the wage earning women, namely, the calling of dog walkers. Young girls are reported to be much in demand among Boston women, who employ them to lead their pet dogs for daily airings.

Minneapolis, Minn., Typographical Union is considering a new constitution and by-laws, a most important feature of which is the establishment of a loan fund for needy members. This is being established to circumvent the loan sharks who have preyed on workers in that city.

The Argentine Workers' Federation

have issued an invitation to the organized workers of South America for a congress of South American trade unions, to be held in Buenos Ayres on April 30, 1910. A number of National organizations, amongst them Brazilian have accepted. It is expected that a delegation from the A. F. of L. will also attend.

A special meeting of Boston, Mass., Coremakers' Union has been called to consider whether it will admit to membership the women employed in the core making industry of Greater Boston or contest with the proprietors over the propriety of their employment in this arduous, laboring work.

The conference committee from the San Francisco, Cal., pressfeeders is considering a proposition to submit to the employers to settle the existing difficulty by a sliding scale of increase, \$1 for the next four months, and \$1 additional thereafter, thereby gaining a \$2 increase.

ISN'T THIS GOING SOME.

Just Read of How Hard This Washington Man Works.

Spokane, Wash., Dec. 14.—Statistics compiled from a personal diary kept by A. W. Busby, a pioneer thresherman and rancher in Kittitas county, Wash., west of Spokane, show that he has threshed a total of 1,920,033 bushels of grain since 1872, as follows: Wheat, 804,752; oats 517,044; barley, 398,277. His earnings are placed as \$75,922.89, with expenses at \$47,495.72, leaving a profit of \$28,427.17. He has operated from one to three threshing machines since 1903, and in that time threshed 266,584 bushels of grain, or an average of 44,384 a year. The machines were operated 226 days during the six years, the average profit being more than \$750 for a season of 37 1-2 days. It is estimated that Busby has threshed approximately 50 per cent of the grain grown in the Kittitas valley during the last 37 years, since which time, he reports, there has never been a crop failure. He is preparing to increase his forces in 1910, when he expects to do commercial threshing in the districts adjoining Kittitas county.

NORMAL SCHOOL WILL CLOSE NEXT FRIDAY

SHUTS OFF DECEMBER 17 FOR A TWO WEEKS LAY-OFF.

Scholars Have Planned Great Time During the Vacation—School in Good Condition.

Examinations are now being conducted at the normal. The school will be dismissed Friday, Dec. 17, which will give the teachers as well as students a two weeks' rest through the holidays, beginning again January the second.

The scholars have at this date various modes of enjoyment figured out for the vacation, and as the feller says, are "calculatin'" on how they are going to squeeze about four weeks time into two, and if the present brand of weather continues there is no reason why they should not accomplish this—that is, if it can be done.

All the instructors and maids will not admit, maybe, they are also looking forward with pleasure and anticipation to the time of the family circle's reunion.

In the matter of obtaining competent teachers Ada has been fortunate. Their work is next to their heart and the teaching comes from next to the heart, and the students are showing improvement in many ways. No booster or person with the true citizen ring has any howl to make.

Several of the out-of-town scholars are leaving for their homes, having completed their exams and will soon swing themselves into a good Christmas visit with home folks.

For the next 10 days I will sole men's shoes for 75c and ladies' shoes for 50 cents as an introductory with my new machine sole. Willis, at Chapman's Shoe store.

NATIONAL BANKS VS. STATE BANKS ON GRIDIRON PUB- LIC INTEREST

"THE GUARANTY LAW CAUSED
BANK FAILURES," NATIONAL
BANKER. "NATIONAL BANKS
MUST MAKE BOND AGAINST
BUSTING FOR STATE MONEY,"

KIEFER BANK CLOSED

HASKELL.
DEPOSITORS WILL LOSE NOTH-
ING, GUARANTY FUND STILL A
PROTECTION.

(Oklahoman)

"I am not interested in the Tulsa
bank nor responsible for its failure.
That bankruptcy is threatened and
other statements of Blaize are ab-
surd," Telegram received by The
Oklahoman from W. L. Norton, dated
at Guthrie, last night.

Guthrie, Ok., Dec. 14.—"You are au-
thorized to say," announced Governor
Haskell today coming out of a long
session of the state banking board,
"that in the future, national banks
will have to put up bond for state
bank deposits. From now on, this
will be the rule of the Oklahoma
banking board. In order to carry cash
balances, reserves or other deposits
of state guaranty banks, all national
banks will be required to furnish ade-
quate bond to protect the state banks
from loss when the nationals bust."

The governor was speaking of the
First State bank of Kiefer whose
suspension has been forced on ac-

count of the fact that \$32,000 of its
cash is in the Tulsa Farmers' Nation-
al bank which failed yesterday.

There is no doubt here but that
the guaranty fund will protect the
depositors of the Kiefer bank.

"The Columbia Bank and Trust
company, a state guaranteed bank,
failed with the heavy liability of ap-
proximately \$3,000,000," said Gover-
nor Haskell, "and not another bank
in the state was forced to suspend,
this in view, too, of the fact, that
the Columbia carried large balances
for many smaller banks over the
state. The Farmers' National fails
at Tulsa and the first direct result
is the failure of another, but sub-
stantial bank whose misfortune it is
to have had its cash balance in the
national."

Fine Object Lesson.

That the successive failures of the
Tulsa bank, a national, and the Kie-
fer bank, a state guaranty bank, with-
in fifteen miles of each other, will dis-
tinguish at once the guaranty law is
the general impression here. The na-
tional bank depositors may wait a
long time and then never get their
money, but tomorrow the depositors
of the Kiefer bank will get their
money. As an object lesson, nothing
could be better for the guaranty
fund.

The information from Kiefer as to
the condition of the First State bank
there indicates that the bank was
in fine condition and would still be
were it not for the \$32,000 of its cash
balance shut up in the Farmers' Na-
tional of Tulsa. The governor's in-
formation is that there are \$70,000 in
individual deposits; \$8,000 in certificates
of deposits; and assets to offset this
of approximately \$96,000, consisting
of \$55,000 loans, etc.; \$11,000 cash
on hand, \$32,000 cash balance in the
failed Tulsa Farmers' National.

Money Enough to Pay.

"We have enough and more to pay
off the Kiefer depositors," said Gover-
nor Haskell. "A wise seaman always
keeps his eye on the weather. In
handling the big failure of the Col-
umbia Bank and Trust company, we
have not neglected proper precau-
tions against possible disaster to other
banks. The general surmise that
the Columbia affair has exhausted
the guaranty fund is entirely wrong.
We've got enough to handle this bank
and all others which may be ham-
pered by national bank failures as
this one is."

A resolution directing Bank Com-
missioner Young to exhaust all means
to do all possible to continue the
Bank of Kiefer in its past uniform-
ly sound condition by collecting from
the Farmers' National Bank of Tul-
sa the more than \$30,000 such state
bank held on bank deposit, and that
in the event such collection was im-
possible to proceed to pay the de-
positors as provided by law, if the
general conditions appeared to re-
quire such action.

State Funds Protected.

The state funds in the Farmers'
National of Tulsa total exactly \$122-
867.93, of which \$70,000 are school
land department funds. State Treas-
urer Menefee has his deposits of state
funds proper of \$52,867 amply pro-
tected by collateral in his own pos-

session, consisting of bonds prin-
cipally of the city of Anadarko, of a
par value of \$56,467, and an actual
value of probable two to three thou-
sand dollars additional as this class
of city bonds is selling throughout
Oklahoma above par.

The school land department has its
\$70,000 protected by bonds of secur-
ity companies; the Commerce Trust
company of Kansas City, which was
stuck \$50,000 by the Columbia, has
a bond covering \$20,000 in the Tul-
sa Farmers' National; the Southern
Security company, of Muskogee,
which was stuck \$60,000 by the Col-
umbia failure, \$25,000; the United
States Fidelity and Guaranty of
Baltimore, Md., which was stuck for
\$50,000 by the Columbia failure, \$25-
000 in the Tulsa bank. Neither of the
two latter companies have paid their
losses from the Columbia failure yet,
and suit is now preparing on be-
half of the school land departmen-
t, against them.

Norton Denies Interest.

President W. L. Norton, of the de-
funct Columbia Bank and Trust com-
pany, who has been at Guthrie the
last 24 hours most of the time in
conference with Governor Haskell or
around the governor's office, denies
emphatically that he was the owner
of or even interested in the Farmers'
National of Tulsa at the time of the
failure.

"I was only a director in the bank
there, and that before September
12," he said this morning, "and I own-
ed \$27,000 of stock which I sold some
time in August and delivered Sept. 12
last. Any statement that the Colum-
bia Bank and Trust company failure
caused the failure of the Farmers'
National is a lie."

"Instead of the Columbia Bank and
Trust company owning the Farmers'
National," said Governor Haskell, sit-
ting with the figures before him "the
Tulsa bank owed the Columbia bank
and Trust company \$72,000 and odd
dollars, all of which we have col-
lected since the bank commissioner
has been liquidating the assets of the
Columbia."

"The last payment by the Farmers'
National to the bank commissioner in
discharging its obligations to the de-
funct Oklahoma City bank," says Gov-
ernor Haskell, "was \$18,889, one-
fourth of the amount owed, which
consisted principally of city and
county warrants of Tulsa and Tulsa
county, and school district war-
rants."

Board Holds Securities.

Norton also denies that he has any
paper whatever in the Tulsa bank or
has endorsed or is security on any
paper there. It is admitted, however,
that he promised Eugene Blaize,
president of the Tulsa bank that he
would try to help him out; and he
was here all day yesterday, trying
to get Governor Haskell to release
some of the securities he, Norton,
had turned over to the banking board
out of his private enterprises and
fortunes, for the benefit of the Col-
umbia, so that he could send aid to
Blaize.

"We are not making any presents,"
Governor Haskell told him.

Norton was shown the statement
made by President Blaize last night
in which the Tulsa banker said:
"Norton is the cause of the whole af-
fair. He promised to give us the
needed security on the paper he
held and failed to show up." Norton
said that he did not know what Blaize
meant by "paper he (Norton held)."
I do not owe that bank anything," de-
clared Norton emphatically. "What
about this paper referred to," he was
asked. "I do not know," he answered.

CORPORATION HEARING POSTPONED UNTIL JANUARY

NEW OFFICIALS OF FRISCO WANT
TO SEE LOCATION.

Have Never Been on Ground and For
That Reason Very Much Desired
Postponement.

Senator Reuben Roddie, Mayor L.
T. Little and George Thompson who
went to Guthrie Monday to be pre-
sent at the hearing of the Frisco and
Oklahoma Central railroads before
the corporation commission relative
to locating a union depot in this city,
bring the report that the hearing was
postponed and will come up again
on January 11.

The postponement results from the
fact that the Frisco railroad has an
entire new set of officials who have
never been in Ada and want to be
on the ground before a decision is
made. Everybody agreed to this and
the hearing adjourned.

THE GOVERNOR BETTER.
Governor Haskell Was Stricken
Seriously Ill Last Night.
A phone communication from
Governor Haskell's sick room at
four o'clock stated that the gov-
ernor was resting very well, that
he was in excellent spirits and
that it was thought that early
recovery would result.

SHALL THE PEOPLE OF ADA GRANT THE ADA OIL AND GAS CO. A 25 YEAR FRANCHISE FRIDAY?

BE CAREFUL HOW YOU VOTE,
BUT VOTE TO ENCOURAGE
THE BOOSTERS AND A
MORE PROGRESSIVE
CITY

The voter is directed to place X in the
□ opposite the word yes if he ap-
proves, or in the □ opposite the word

no if he disapproves the granting of the
franchise motion in the following propo-
sition.

Resolved, that a franchise be granted the Ada
Oil & Gas company in words and figures
as follows:

Section 1. The word "City" as hereinafter
used shall designate the City of Ada,
Oklahoma, and the word "Grantor"
as hereinafter used shall de-
signate the Ada Oil & Gas company, a
corporation organized under the laws of
Oklahoma.

Section 2. During the term of twenty-
five (25) years from and after the passage,
approval, publication and ratification as
provided by law, and upon acceptance as
herein provided, of this ordinance, the
said Grantor is hereby empowered to ac-
quire, construct, maintain and operate a
system of works in the said city, for the
purpose of manufacturing or distributing
and sell to said city and inhabitants there-
of, artificial and natural gas and for such
purpose said Grantor shall have the right
to enter upon and lay its mains and pipes
through and in the streets, avenues, alleys
and public places of said city, provided
however, that said Grantor shall in all
cases see that the city harmless by reason
thereof and shall restore all said streets,
avenues, alleys and public places to their
original condition as speedily as possible
at the expense of Grantor.

Section 3. During the life of this fran-
chise said Grantor shall have the right
to charge the said city and inhabitants
thereof the following rates for natural gas
furnished: If said natural gas is piped not
to exceed five miles from intersection of
Broadway and Main streets, in said city,
the sum of twenty-seven and one-half
cents (27 1/2) per one thousand (1000)
cubic feet; ten miles, thirty-two and
one-half (32 1/2) cents; twenty miles, thirty-
seven and one-half (37 1/2) cents; forty
miles, forty-two and one-half (42 1/2) cents;
and said Grantor in every case where the
consumer's bill is less than One Dollar
and Ten Cents (\$1.10) per month may
charge a minimum rate of One Dollar and
Ten Cents (\$1.10) per month for each
meter connected.

Section 4. Should the supply of natural
gas available to the Grantor, said Grantor
shall have the right to furnish arti-
ficial gas and shall have the right to
charge therefor not to exceed One Dollar
and Forty Cents (\$1.40) per one thousand
(1000) cubic feet.

Section 5. All bills shall be due and
payable at the office of said Grantor on or
before the tenth day of each month
except following that in which the gas is
used and if paid on or before said tenth
day a discount of two and one-half cents
(2 1/2) per thousand cubic feet shall be
granted on said bills so paid, and upon fail-
ure of any consumer to pay any bill on or
before the fifteenth of said month, the
Grantor may discontinue the service of
such consumer and said Grantor shall not
be required to furnish service to any such
consumer until said consumer has first
paid all indebtedness and in addition
thereto a sum not exceeding One Dollar
(\$1.00) as a charge for reconnecting said
consumer.

Section 6. No deposit for meter or
meters shall be required or exacted, except
for the protection of Grantor from finan-
cial loss and as security for the payment
of bills for service rendered. Grantor may
require and the consumer shall, if Grantor
demands, deposit with it, for which
it shall issue a receipt, a sum or amount
of money equal to the estimated service
of one and one-half months, upon which
Grantor shall pay to such consumer an-
nually interest at 5 per cent, per annum.
And at the time service is discontinued
the deposit less any moneys the consumer
may owe to the Grantor at that time
shall be immediately returned to the con-
sumer.

Section 7. The Grantor shall have the
right to assign to any other person, firm
or corporation the rights and obligations
of this franchise, and any assignee there-
of, by accepting said assignment, shall
become bound thereby, but in the event
of an assignment, said assignment must be
in writing and duly authenticated copy
thereof shall be filed with the City Clerk
of said City.

Section 8. The franchise herein granted
shall not be operative until it is ratified
as provided by the laws of the State of
Oklahoma, by the qualified voters of the
city of Ada, State of Oklahoma, and if the
franchise shall fail of ratification by the
voters of said city, no rights shall accrue
thereunder.

Section 9. A special election is hereby
called for the approval of this franchise
by the qualified voters residing within the
corporate limits of said city, which shall
be held on the 17th day of December,
1909, between the hours of six o'clock,
A. M. and seven o'clock P. M. and the
proper officers of said city are hereby di-
rected to give notice of said election and
take all the steps necessary to hold the
same as provided by the laws of Okla-
homa.

Section 10. Within fifteen days after
the adoption and ratification of this Ordi-
nance, the said Ada Oil & Gas company, its
successors or assigns, shall file with the
Clerk of said City, a written acceptance
of this ordinance and upon failure to file
such acceptance, then this ordinance shall
not become operative or vest any rights,
privileges or franchise whatsoever.

Section 11. This ordinance shall be in
full force and effect from and after its
passage, approval, publication and ratifi-
cation, as provided by law, and upon its
passage, approval, publication and ratifi-
cation, and it is further provided that unless
gas is supplied under this franchise within
three years from the date of passage
thereof this ordinance shall be and be-
come null and void.

Section 12. The Mayor and Council and
their successors shall at all times have
power to impose all needful and reasonable
regulations for the protection of the inter-
est of the inhabitants of said city, and
among other things shall have the power
after full hearing to require extensions of
service where it can be done without
financial loss to the Grantor.

Section 13. Should natural gas be dis-
tributed under the terms of this fran-
chise, the grantor agrees to furnish gas
to the offices of said city, located in the

City Hall at the corner of Broadway and
12th streets, free of charge, for lighting
and heating purposes, and if artificial gas
should be distributed under this franchise,
then said artificial gas shall be furnished
said city offices for lighting purposes only.
Section 14. A failure on the part of the
grantor to comply with the provisions of
this ordinance will work a forfeiture of
their franchise.

BIG LOSS BY FIRE.

\$100,000 Loss In Houston When Two Buildings Burn.

Houston, Tex., Dec. 14.—Washington avenue property valued at over \$100,000 and consisting of two big brick buildings, with valuable contents, was destroyed by fire Tuesday morning between 4 and 5 o'clock, and at one time it seemed that the Magnolia Brewing Company's big plant was doomed to destruction.

One of the burned buildings adjoined the brewery, and as it collapsed it carried away a large section of masonry from the brewery building, leaving the brewery exposed to the flames. It was only with the assistance of the brewery's fire apparatus that the firemen were able to save that plant, valued at nearly \$500,000.

The losses are:

W. H. Kirkland building, \$15,000.

B. A. Reinsner, building, \$20,000.

Hosuton Ice and Brawing Company, building and machinery, \$3,000.

Magnolia Paper Company, stock, \$35,000.

Total, \$108,000.

The Magnolia Paper Company occupied the four-story brick building belonging to B. A. Reinsner. The building was almost a total loss. With the exception of a small portion of the stock, which was stored in an annex not injured, the paper company's stock is a total loss.

The South Texas Candy Company occupied the building owned by W. H. Kirkland. Both were total losses.

When the fire department arrived on the scene the fire had gained much headway. Both buildings and some freight cars were a mass of flames.

The fire started in the rear of the buildings and the firemen faced the problem of stringing hose through the crowded railroad yards to reach the flames. By the time sufficient hose was laid to cope with the conflagration the flames had eaten their way into the buildings to the highly inflammable contents, and many of the streams were diverted to adjoining property. Working under such difficulties and being summoned so late, the firemen had practically no chance to save anything but surrounding property, and in this they were successful.

There was no opportunity to ascertain with any degree of accuracy in which building the fire started, although it is believed that it originated in the candy factory, as the loss was more complete there and it seemed to have had more headway.

SEEKING SAVIOR VS. SEEKING SATAN

MAN STANDING BETWEEN IS THE PRINCIPAL IN THE GREAT MORAL BATTLE BEING WAGED THROUGHOUT THE WORLD.

The Devil's Name Synonymous With All that's Wicked—Alphabetically Considered, D for Devil; E for Evil and the Balance Ill.

The Methodist church was almost filled last night, when Brother Joe Ramsey again brought a message to the boys and men.

His sermon was outlined under three topics: 1st, A Seeking Savior; 2nd, A Seeking Satan and 3rd, A Seeking Sinner.

He stated that there was a great moral battle being fought in the world, one side led by the blessed Lord and the other by Satan, the battle being over the immortal soul. One side trying to bless, the other trying to curse. One trying to save, the other trying to damn.

From the first topic he presented a beautiful picture of the Seeking Savior, who said, "I am come to seek and to save that which is lost." Some of the methods organized by God to seek are: He is seeking to save through the church of God, the organized body of Christ. He is seeking through the Bible which has gone over the wide world. He is seeking through the gospel of God. He is seeking through the Holy Spirit. The motive which prompts him to seek is his love and He seeks that he may save. Brother Ramsey enumerated many evils from which God was seeking to save men, and the many good things He gives in exchange.

Under the 2nd topic, another picture that of Satan seeking, with energy and not indifferently, the best and giving in return sorrow and sin. In the 3rd place, he plead with the sinner to seek to be on the Lord's side and assured them that as Zachaeus surmounted every difficulty between him and Christ, so the sinner, if really earnestly seeking, could overcome the difficulties and win the victory.

After the sermon, quite a number did seek and find the Savior.

FIRST OF SCHOOL LAND GOES

State Commission Goes to Chandler
to Open Big Sale.

Guthrie, Okla., Dec. 14.—The opening of the sale of Oklahoma school lands at Chandler tomorrow probably will have to dispense with the presence of Governor Haskell, who was to have begun the great real estate dealing, because of the pressing duties resulting from the failure of the Farmers' National bank at Tulsa and subsequent disaster to the First State bank of Kiefer.

Secretary Ed O. Cassidy and School Land Commissioners State Auditor M. E. Trapp, State Superintendent E. D. Cameron and State Secretary Bill Cross are leaving this afternoon for Chandler to attend the opening sales. The sales force as organized now is as follows: John N. Shepler, superintendent; R. E. Wood, Shawnee,

assistant superintendent; Robert Trammell, Pawhuska, cashier; Fred Speakman, Chandler, auctioneer; Miss Catherine Pierce, stenographer, which is the field force; and E. L. Stegall, chief clerk, who will remain in charge of the Guthrie sales office.

The Pioneer Investor
is the one who gets acquainted with success and to whom the big prizes fall. Attend the auction sale of lots next Monday and Tuesday, and buy valuable property from the original owners at your own price.

Paying Depositors at Kiefer.
A phone message from Roy Oakes, secretary state banking board, states that the depositors of the Bank of Kiefer are being paid off today.

ADA AWAY AHEAD OF CITIES ITS SIZE

STATE LABOR INSPECTOR
IN CITY AND GIVES OUT
SOME INTERESTING DATA

G. E. Warren, state labor inspector, is in Ada today and his visit calls for a great deal of information regarding Ada and the state in general.

One year ago Ada had employed in factories and work shops, workers to the number of 301. Today Mr. Warren finds 337 at work, an increase of 36 people. This does not include those employed in the building trades—only in the factories and shops.

An interesting recapitulation of the cities of the state and the number employed follows:

Oklahoma City, 3200; Shawnee, 1,197; Bartlesville, 943; Chickasha, 767; Guthrie, 750; Muskogee, 743; Tulsa, 721; El Reno, 515; Enid, 500; Sapulpa, 450; McAlester, Lawton and Ardmore come in a class with Ada, between 300 and 400.

For its size—and even larger cities—Ada has them all skinned. 350 work men will catch towns twice the size of Ada.

Outside of the railroad shops and in two other instances, the Ada Portland Cement plant works more men than any industry in Oklahoma. Last year this big enterprise worked 165 while now it is working 200.

The local compress employed about one-half as many this year as last which is attributed to the early close of the season.

As a usual thing, Mr. Warren stated the factories and work shops represent about forty per cent of the total persons employed in the city.

So far, the inspector says the average over the portion of the state which he has visited is about twenty per cent increase over last year.

The report is very gratifying to Ada people. The increase in this city is very handsome and the state generally shows up very good.

MAN ARRESTED FOR HUNTING WITHOUT LICENSE

BEN BORING RELEASED IN JUSTICE BROWN'S COURT

The End of an Interesting Case—Had No Intention of Hunting, Therefore Not Guilty

If a man shoots a hawk on his own premises, the hawk falls on another person's land, the shootist takes his gun to the other fellow's land, proceeds to kill the hawk and, by the way, attempts to capture a rabbit, without having hunting license—that isn't contrary to law.

This was decided yesterday in Justice Brown's court when Ben Boring, son of a farmer near Ahlosa, was brought to court charged with hunting without license. Here is the history of the case.

Constable A. F. Dillard secured a warrant and went to Boring's place after the son. The elder Boring defied the officer who returned to the city and the warrant was referred to Bob Nester, Nester arrested Ben and brought him in. Justice Brown heard the facts of the case and at once decided that there was "nothing in it" and released the defendant.

The justice held that the fellow was not hunting and had no intention of hunting. He merely had his gun, saw a hawk, shot it and went after it and in doing so scared up a rabbit when an officer came along. Therefore no law was violated. This was an interesting case to many spectators.

ONE WEAK SPOT.

Most Ada People Have a Weak Part and Too Often It's the Back.

Everyone has a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night. Tells you the kidneys need help. For backache is really kidney-ache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ills. Ada people recommend the remedy. E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills very highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, I found it very difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were much too frequent in passage and caused me additional annoyance. Doan's Kidney Pills procured at G. M. Ramsey's Drug Store, rid me of the trouble and I have had no return of it since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
